

## IMPORTANT UPDATE

June 28, 2021

### Relocation of APTN to ANIK F3 C-band

As previously communicated, APTN-E, APTN-W and APTN-N will be relocated from Anik F1R C-band to Anik F3 C-band. To provide minimal disruption to our customers, a dual feed is being provided from July 5, 2021 at 10:00 AM EST to August 31, 2021 at 10:00 AM EST.

At the end of the dual feed period, signals will be available only at the new technical coordinates.

#### Technical Coordinates:

| VCT | CATV VCN | Program | MPEG # | UCS Group ID   | Polarization | Satellite / Transponder | L-Band | Modulation / FEC |
|-----|----------|---------|--------|----------------|--------------|-------------------------|--------|------------------|
| 517 | 901      | APTN-E  | 901    | Shaw Broadcast | V            | F3 T11B                 | 1005.5 | DVB-S QPSK--1/2  |
| 517 | 902      | APTN-W  | 902    | Shaw Broadcast | V            | F3 T11B                 | 1005.5 | DVB-S QPSK--1/2  |
| 517 | 903      | APTN-N  | 903    | Shaw Broadcast | V            | F3 T11B                 | 1005.5 | DVB-S QPSK--1/2  |

**Note:** the above has national coverage and a Symbol Rate of 21
